

Connecting at the Connect Point

Are YOU Connected?

There's something about being connected. Jesus knew it. He said, "If ye abide in me..." Connecting is very important at "The Springs". Our desire—and commitment—to get people connected was one of the determining factors in our change from a yearly slogan to a simple signature slogan that spans years. It is our goal to see "The Springs" family "connected" to God, our families, our church, our community and our world as we remain true to our vision and mission statements.

Our Vision

To be a 21st century apostolic church in principle, practice and power.

Our Mission

To provide connection for all people to Jesus Christ through worship, evangelism, discipleship and fellowship.

With this in mind we are now seeking to establish a clear connection between every "Springs" family member and our corporate vision and mission. On the reverse side are ten specific life changing connect points. In the first half of 2010, we will be working to establish and confirm these connections in the individual lives of each "Springs" Family member.
